To My All Star Family,

As we gather for our annual dance show, I want to take a moment to express my heartfelt gratitude to everyone who has helped make this year so special.

To my incredible staff: Thank you for your dedication, creativity, and hard work. You are the heart of this program, and your passion for dance, along with your unwavering support, inspires our students every day. I am so grateful for the countless ways you go above and beyond.

To our wonderful dance parents and volunteers: Thank you for your trust, commitment, and sacrifices throughout the year. From countless rides to rehearsals and helping with costumes to cheering from the audience, you are truly the glue that holds our dance family together. Your support never goes unnoticed, and this show would not be possible without the many volunteers who generously give their time and energy to make it a success.

A special shoutout to Kelly and Kevin Feustel for helping me keep my sanity and for sharing your expertise to help streamline our processes. Your support has been invaluable, and I am incredibly thankful.

To my parents—especially my Momma—thank you for supporting my dance dreams all these years and for always standing by my side, even though the chaos that comes with bringing this program together. Your love, encouragement, and belief in me mean more than words can express.

And to our amazing dancers: You are the reason we do this. Your energy, commitment, and love for dance light up the stage and inspire everyone around you. Watching you grow, learn, and shine is the greatest reward. Thank you for pouring your hearts into every rehearsal and every performance.

This year has been extraordinary because of each and every one of you. Together, we have created something truly beautiful and memorable. I am honored to be part of this incredible dance family and excited to see all that we will accomplish in the years ahead.

With love and appreciation,
Ms. Rysa

Wow Luna I can't believe I won't see your face around the studio anymore. It seems like just yesterday we were both at PS101 having the time of our lives and now I'm graduating middle school and going to your high school while you are off to college. You've been such a huge inspiration my whole life and I can't wait to see all the things you accomplish in your future. You bring light into any room and that's something I truly admire about you because not everyone has the unique ability to do that. I will miss you so much and your presence will always linger at the studio. I will never forget all of our memories we've shared and tap 4 with you this year. Cherish your college years I heard they are the best. I love you so much -Nely

Cynthia, it feels like it was just yesterday when you took your first dance class with big dreams, tiny shoes and a heart full of excitement. And now, somehow in the blink of an eye we are watching you take the stage for your final recital as a senior.

From your very first recital at 7 years old to your final senior performance, you have danced with passion, strength and heart. Through every early morning, every late-night rehearsal, every competition weekend and every moment in between you gave dance your whole heart.

I will miss seeing you shine on stage doing what you love.

I am endlessly proud of the dancer you became but even more proud of the person you are.

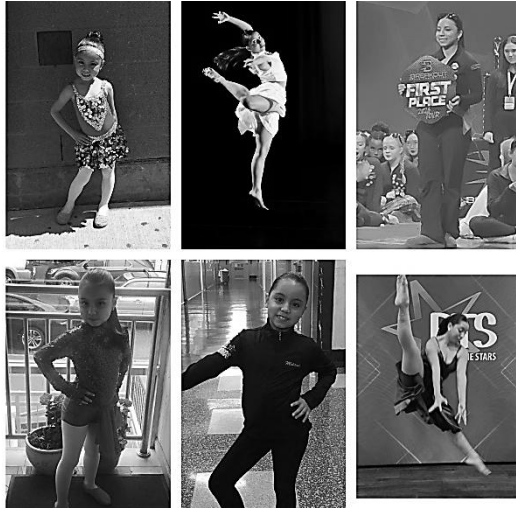

Keep shining, keep dreaming and never stop believing in yourself. You will always be my Shining Star. Love you always and forever, Mom & Family ♥
